PRE-SURGICAL HEALTH QUESTIONNAIRE

1. Has your pet ever been anesthetized before for any reason? If so, where there any problems under anesthesia?
2. Is your pet currently on any medicine, including over the counter? (Example: Aspirin)
If so, what is the name of the medicine?
3. Does your pet have any health problems that you are aware of? If yes, what are they?
(Example: Heart, Thyroid, Liver, Kidney)
4. Has your pet had any problems in the last week before surgery? If yes, please explain.
5. Other than what your pet is here for, is there anything else you would like the veterinarian to evaluate or do with your pet while here in the hospital?
(Ex: Complimentary Nail Trim) If yes, please explain.
6. Is your pet current on vaccinations? If not, would you like them updated today?
7. Are you aware that for declaw & other major surgeries that your pet will be hospitalized over night?

If your pet will be hospitalized overnight, are you aware of our after hour care?
